UNITED STATES DEPARTMENT OF AGRICULTURE
AGRICULTURAL ADJUSTMENT ADMINISTRATION
WASHINGTON, D. C.

GENERAL OFFICE ORDER NO. 62

Effective immediately,

The Cattle and Sheep Section of the North Central Division is transferred to the Western Division.

The Poultry Section of the North Central Division is transferred to the Division of Marketing and Marketing Agreements.

The Grain Marketing Section of the Western Division is transferred to the Division of Marketing and Marketing Agreements.

The work heretofore handled by the Rice Section in the East Central Division will be handled under the supervision of the Southern Division and the Western Division. New surplus removal or marketing programs if developed will be handled by the Division of Marketing and Marketing Agreements.

Any diversion and marketing programs for potatoes and new diversion programs for tobacco and peanuts will hereafter be handled by the Division of Marketing and Marketing Agreements.

H. R. Tolley
H. R. Tolley,

UNITED STATES DEPARTMENT OF AGRICULTURE
AGRICULTURAL ADJUSTMENT ADMINISTRATION
WASHINGTON, D.C.

June 30, 1936.

GENERAL OFFICE ORDER NO. 66.

Attention is directed to Section 3 of the Act of March 14, 1936, (Public No. 471, 74th Congress) as follows:

"Each head of a department or independent establishment shall keep a record of all work performed, in excess of the work required by departmental regulations issued in conformance with section 2 hereof, for the period commencing July 1, 1936, and ending December 31, 1936, and shall report same to the Civil Service Commission at the end of each month. The Civil Service Commission shall make a report of such record to the Congress on or before January 31, 1937."

In order to comply with the provisions of the above quoted Act, you are requested to complete one of the attached forms "Report of Overtime", (Personnel 50), for each employee assigned to your division, both departmental and field service, who performs overtime during any calendar month. These forms must be submitted to the Personnel Section, Office of Business Management, Room 6745, South Building, not later than the 10th of the month following the period for which the overtime was performed.

Reports will be made of all overtime service rendered by all department employees, regardless of rank or responsibility, including cooperative employees and persons employed under letters of authorization, with the exception of Committeemen (State, County, and Community). No overtime will be reported for persons paid by the hour, when actually employed, and having no regular work period, such as fire fighters. Personnel paid security wages, from funds allocated by the Works Progress Administration, are classed as non-federal and overtime rendered by such persons should not be reported.

Overtime rendered in daily increments of less than 30 minutes will not be reported. For periods in excess of 30 minutes, multiples of 15 minutes only will be reported. For example, 35 minutes as 30 minutes, 55 minutes as 45 minutes.

Overtime reported will be restricted to service rendered in the office, laboratory or on the job and will not include work performed at the place of residence of the employee, or time consumed in travel by public transportation facilities or in automobiles when used in lieu of public transportation facilities. However, overtime resulting from automobile travel which constitutes a regular portion of the daily duties of the position will be reported.

All overtime reported must have been performed by direction or approval of the responsible administrative superior and reports submitted must bear appropriate endorsement by such officials.

As the information requested is to be used by the U. S. Civil Service Commission in submitting a report to Congress, it is important that Directors of Divisions, Chiefs of Sections and Field Offices, keep an accurate record of and approve all overtime performed.

The "Report of Overtime" (Personnel 50) should be transmitted promptly, in order, that complete monthly reports for the Agricultural Adjustment Administration can be forwarded to the Department of Agriculture without delay.

J. B. Hutson
Acting Administrator.

1. The first part of the report
describes the general situation
of the country and the
state of the economy.
It also mentions the
main problems which
the government is
facing at present.

2. The second part of the report
deals with the
financial situation
of the country.
It gives a detailed
account of the
revenue and
expenditure for
the last year.

3. The third part of the report
deals with the
social and
cultural progress
of the country.

4. The fourth part of the report
deals with the
foreign relations
of the country.

GENERAL OFFICE ORDER NO. 67

The Treasurers of County Agricultural Conservation Associations in the East Central, North Central and Western Divisions of the Agricultural Adjustment Administration will be bonded in such amounts as the Directors of those Divisions may prescribe and on form approved by the Secretary of Agriculture. Bonds will be executed by the Treasurers and corporate surety companies acceptable to the United States.

The bonds when received by the several Divisions shall be transmitted to the Solicitor of the Department of Agriculture, who will determine, in cooperation with the Treasury Department, that the bonds are legally sufficient and properly executed. After this determination the Solicitor will return the bonds to the respective Divisions where they will be approved on behalf of the Secretary of Agriculture by an official of the Division to whom the Secretary has previously delegated such authority. The several Divisions will have custody of the bonds and sole responsibility for determining that applications for advances of funds to the Treasurers of Associations are within the penal sum of their respective bonds.

J. B. Hutson
Acting Administrator.

Report of 1921

Report of 1921

The following is a summary of the work of the Bureau of Plant Industry during the year 1921. The Bureau has been very busy in the past year, and has accomplished many important tasks. The work of the Bureau has been divided into several branches, each of which has been very active. The work of the Bureau has been very successful, and has resulted in many important discoveries and improvements. The work of the Bureau has been very valuable to the country, and has helped to advance the science of plant industry. The work of the Bureau has been very important, and has helped to make the country a more prosperous and powerful nation. GENERAL OFFICE ORDER NO. 69

The procedure for making payments to county agricultural conservation associations in the Western, North Central and East Central Regions for the month of July will be the same as that followed in connection with wheat, tobacco, sugar and corn-hog control associations, except for the changes provided in General Office Order No. 67 and those provided herein.

Form ACP-18, approved by the General Accounting Office, will be used in lieu of Form 1028. Administrative approval of Statements of Expenses, Forms 1024 and 1024a and of Public Voucher Form ACP-18 by the respective Regional Division shall constitute necessary approval of items listed on Forms 1024 and 1024a as being proper charges against the association and of rates shown on Forms 1024 and 1024a for salaries, travel and purchases of goods and services. The Administrative Audit Section will, when found necessary, write letters of suspension or differences in case of errors in computations, in extensions, or in case supporting papers such as receipts and invoices, have been omitted or are unacceptable. Such letters will be routed through the respective divisions for mailing to the field.

Administrative approval by the Regional Division shall also constitute notification to the Administrative Audit Section that the treasurer of the association is properly bonded in accordance with General Office Order No. 67 and that the name and mailing address shown for the association treasurer are correct.

It is not required that county budgets be approved before vouchers on Form ACP-18 covering payments to county agricultural conservation associations for July are approved for payment.

MEMORANDUM FOR THE DIRECTOR

The following is a summary of the results of the field work conducted by the writer during the month of April, 1944, in the area of the Grand Staircase-Escalante National Monument, Utah.

The area is located in the southern part of the State of Utah, and is bounded on the north by the Colorado River, on the east by the Utah-Arizona border, and on the south by the Mexican border.

The area is of great interest to the writer because of the large number of prehistoric ruins and other archaeological remains which are scattered throughout the area.

The ruins are of various types, including pueblos, petroglyphs, and pictographs. They are of varying sizes, from small individual dwellings to large complexes of buildings.

The ruins are of great interest to the writer because of the large number of prehistoric ruins and other archaeological remains which are scattered throughout the area.

The ruins are of great interest to the writer because of the large number of prehistoric ruins and other archaeological remains which are scattered throughout the area.
